

IReSP : 10 YEARS ANNIVERSARY Public Health Research Days

Thursday 23rd November 2017

9.15am - 12.15pm: Opening Plenary

Moderator: Alfred Spira, *IReSP Director (2007 - 2011), Académie nationale de médecine*

I. **9.15 – 9.45 : Opening speeches**

Alain Beretz, *Director General of Research and Innovation*

Alain Fontaine, *Strategy and Research Mission, Directorate General for Health*

Video screening: "What is public health research?"

II. **9.45 – 10.45 : Social Inequalities in Europe**

Johan Mackenbach, *Department of Public Health, Erasmus MC, Rotterdam, Netherlands*

Public Health 2017: Major future challenges

Moderator: Francois Alla, *Deputy director IReSP, CIC-EC 1401, Inserm U1219, CHU Bordeaux & Université Bordeaux*

I. **Research on prevention: yesterday, today and tomorrow?** Alfredo Morabia, *Barry Commoner Center, City University of NY, Columbia University Mailman School of Public Health*

II. **Environmental health**, Philippe Grandjean, *Harvard University*

III. **Decision-making in health in light of economic challenges (obesity)**, Henri Bergeron, *CSO (CNRS-Sciences Po UMR7116)*

12.15pm - 1.30pm: Lunch and poster visits

1.30pm - 3.30pm: Simultaneous sessions

S1: Feedback on call to research for handicap and loss of autonomy

Session co-chair: Julie Micheau, CNSA, and Valerie Ulrich, DREES

Scientifique introduction: Jean-Francois Ravaud, Cermes3 (Inserm U988-CNRS UMR8211-EHESS-Université Paris Descartes), IFRH (GFR Inserm, CNRS FR3553)

- **Analysis of severe and resistant obsessive-compulsive disorder (OCD) with the aim of creating innovative devices for physical disabilities**, Margot Morgiève, *Cermes3 (CNRS UMR8211-Inserm U988-EHESS-Université*

Paris Descartes) et équipe BEBG, Institut du Cerveau et de la Moelle épinière (UPMC-Inserm U1127-CNRS UMR7225)

- **Self-regulation of youth with cognitive impairments during routine learning tasks in a virtual setting**, Laurie Letalle, *Laboratoire PSITEC (Université de Lille, EA4072)*
- **At the intersection of integrated support of physical handicaps and psychiatric care: a study of the trajectories of patients with chronic mental illness in Ile-de-France**, Florence Weber, *Ecole normale supérieure/Centre Maurice Halbwachs*
- **Evaluative research “Peer/Health intermediaries”**, Jean-Luc Roelandt, *CCOMS-EPsm Lille Métropole, équipe ECEVE, Inserm UMR1123 Paris Diderot*
- **Socio-economic evaluation of home automated devices associated with the teleassistance of the elderly who are losing their autonomy and that are intended to prevent falls**, Thierry Dantoine, *CHU Limoges, HAVAE (Université de Limoges EA6310)*
- **Supporting a “close” serious accident: an evaluation of positive and negative dimensions of the accidents on the Rhone road and their families**, Martine Hours, *UMRESTTE (Université de Lyon, Université Claude Bernard Lyon 1-IFSTTAR UMR_T9405)*

Discussions open to the room

S2: Feedback on calls to research for the therapeutic education of the patient

Session chair: Alain Brunot (DGS) (TBC)

Scientific introduction: Marie Preau, *GRePS (EA4163 Université Lyon 2) (President of the Scientific Committee for the evaluation of calls for projects)*

- **Evaluation of a specific therapeutic education programme for patients with systemic lupus erythematosus**, Micheline Pha, *Service de médecine interne 2 Pitié-Salpêtrière, Cimi (UPMC UMRS CR7-Inserm U1135-CNRS ERL 8255)*
- **Development and evaluation of a therapeutic education intervention on the adherence of patients treated with hormone therapies during breast cancer treatment**, Aurélie Bourmaud, *Centre Hygee, Institut de Cancérologie Lucien Neuwirth, CIC-EC Inserm 1408*
- **The impact of the patient therapeutic education programme on the evolution of chronic cardiovascular disease**, Thierry Couffignal, *Service de Cardiologie et Maladies Vasculaires - Centre d'Exploration, de Prévention et de Traitement de l'Athérosclérose CHU de Bordeaux, Unité Inserm U1034, biologie des maladies cardiovasculaires, Université de Bordeaux*
- **A Multicentred randomised trial on structured educational intervention (ERMIES, in French) of outpatient type 2 diabetes patients who are inadequately monitored in La Reunion: associated ethnologic research**, Maryvette Balcou, *Université de La Réunion, laboratoire Icare, EA 7389*
- **Modelling of the therapeutic education of chronic multi-disease patients in multidisciplinary healthcare practices**, Cyril Crozet, *LEPS EA 3412 (Université Paris13 - Sorbonne Paris Cité)*
- **Can attending physicians contribute to the equitable access to therapeutic education: an exploratory study from the regional development and support platform of community therapeutic education for patients in Ile de France**, Cécile Fournier, *Irdes, Pôle de ressources en éducation thérapeutique d'Ile de France*

Discussions open to the room

3.30pm - 4pm: Break and poster visits

4pm - 5.30pm: New research challenges

Moderator: Claude Gilbert, *PACTE (CNRS-Sciences Po Grenoble-Université Grenoble Alpes UMR5194)*

- I. **Connected objects and big data**, Rodolphe Thiebaut, *Inserm Inria SISTM team, Research center Inserm Bordeaux Population Health, Isped, Université de Bordeaux, CHU Bordeaux*
- II. **Mental health and addictions**, Maria Melchior, *Eres team, Iplesp (UPMC-Inserm UMR_S 1136)*
- III. **Access to the health system for the most unprivileged**, Florence Jusot, *LEDa-LEGOS (EA 4404, Université Paris Dauphine, PSL), Irdes*

5.30pm - 6.30pm: Round table: Public health research today

Moderator : Jean-Claude Desenclos, Santé Publique France

Speakers:

- Sylvie Fainzang**, *Inserm, Cermes3 (CNRS UMR8211-Inserm U988-EHESS-Université Paris Descartes)*
Dominique Costagliola, *Inserm Iplesp (Sorbonne Universités-UPMC-Inserm UMR_S 1136)*
Jérôme Wittwer, *Université de Bordeaux, ISPED, Inserm, Bordeaux Population Health Research Center, Equipe EMOS, UMR 1219*
Sandrine Andrieu, *Inserm-UPS UMR1027, CHU Toulouse*
Robert Barouki, *Inserm-Université Paris Descartes UMR_S1124, Service de biochimie métabolique et protéomique (Hôpital Necker Enfants Malades)*
Archana Singh-Manoux, *Aging team, Cesp (Inserm - Université Paris-Sud - Université Versailles Saint Quentin UMR1018), Department of Epidemiology and Public Health University College London*

6.30pm - 7.45pm: Overview and perspectives of public health research

Hosted by Corinne Alberti, *Director of IReSP and Institut Santé Publique Inserm, ITMO Santé Publique Aviesan. Université Paris Diderot, Sorbonne Paris Cité, AP-HP, Inserm, U 1123 et CIC-EC 1426*

- I. **18h30 – 19h45 : Bilan et Perspectives pour la Recherche en Santé Publique**
 1. **Overview of research on Handicaps and loss of autonomy**, Sarah Bellouze, *IReSP et Jean-Luc Outin, DREES*
 2. **IReSP, 10 years dedicated to public health research**

Speakers:

- Geneviève Chêne**, *director of IReSP and ITMO public health (2014-2017), Bordeaux*
Didier Houssin, *APHP International, Director General for Health at the creation of IReSP*
Martine Bungener, *Cermes3 (CNRS UMR8211-Inserm U988-EHESS-Université Paris Descartes)*
Rémy Slama, *Inserm, CNRS and University Grenoble-Alpes joint research center, IAB, Grenoble*
François Dabis, *Director of ANRS, IDLIC team, Bordeaux Population Health (Université Bordeaux-Inserm-Isped UMR1219), CIC-EC 1401, CHU Bordeaux*
Pierre Lombraïl, *LEPS (Université Paris 13-Sorbonne Paris Cité EA3412), département Santé publique (AP-HP Hôpital Avicenne)*

Thierry Lang, *Inserm-UPS UMR1027, IFERISS, Toulouse*

Pierre Czernichow, *Université Rouen, département Épidémiologie et Santé publique CHU Rouen*

7.45pm - 9pm: Cocktail reception and agora poster.

An agora poster will be held during the cocktail reception. The creator will present their poster in front of a public

8pm - 8.10pm: Poster 1 8.10pm - 8.20pm: Poster 2 8.20pm - 8.30pm: Poster 3

IReSP : 10 YEARS ANNIVERSARY Public Health Research Days

Friday 24th November 2017

9am - 10.30am: New topics of research and links with societal challenges

Moderator: Geneviève Chêne, *Director of IReSP and ITMO Santé Publique (2014-2017), Université Bordeaux, CHU Bordeaux pôle de santé publique, Inserm U1219 & CIC-EC 1401*

- I. **Global health**, (TBD)
- II. **Health and migration**, Annabel Desgrées du Loû, *Ceped (IRD-Université Paris Descartes UMR196), Equipe SAGESUD ERL Inserm U1244*
- III. **Gender and Health**, Emmanuelle Cambois, *Ined*

10.45am - 12.45pm: Simultaneous sessions

S1: Restoration of calls for research - 2011 rare handicap diseases and 2012 rare handicaps in session 2

Session chair : Julie Micheau, CNSA

Scientific introduction: Nathalie Lewi-Dumont, Grhapes (INS HEA EA7287), Université Paris Lumières (member of the Scientific Committee for the evaluation of calls for projects)

- **Evaluation of the cognitive-somatic-psychological resources of patients at risk of fitting the profile of the presymptomatic diagnosis test for Huntington's disease: to increase the achievement of a full life and quality of life**, Philippe Allain, *Department of Neurology (CHU Angers), LPPL (EA4638, Université d'Angers)*
- **Evaluation of the quality of life, the social insertion and the social participation of a cohort of children who suffered from severe brain trauma, and were prospectively follow-up 7 years post accident**, Mathilde Cheignonard, *Mathilde Cheignonard, Service de Rééducation des pathologies neurologiques acquises de l'enfant et Centre de Suivi et d'Insertion pour enfants et adolescents porteurs de lésions cérébrales acquises (Hôpitaux de Saint Maurice), Sorbonne Universités, UPMC, UMR 7371, UMR_S 1146, LIB, Groupe de Recherche Clinique n°18, HanCRé*
- **Social life and rare handicap: in between restrictions and enabling environments. A comparative study of people with rare/non-rare handicaps and their families**, Myriam de Léonardis, *LPS-DT (Université de Toulouse Jean Jaurès EA1697)*
- **Employment, jobs and professionalisation in the care of rare handicaps**, Philippe Lyet, *Centre de recherche Ecole supérieure de travail social*
- **Identifying and formalising in order to share and transmit knowledge characterising professional activity relating to the reception and support of people with rare handicaps**, Martine Dutoit, *Martine Dutoit, UEVE-CRF/Cnam*

- **“Rare handicaps” in the transformation of the integrated health sector. Socio-history of a political category, 1960 - 2012**, Myriam Winance, *Inserm (CERMES3, Inserm U988-CNRS UMR8211-EHESS-Université Paris Descartes)*

Discussions open to the floor

S2: Feedback on 2013 calls to project on Cancer cohorts

Session chair: Philippe-Jean Bousquet, Inca

Scientific introduction: Pierre Ducimetière (President of the CSE of calls to projects)

- **First national cohort of home-administered medicine that integrates chronobiology in the home care of cancer patients**, François Lévi
- **Study on the iatrogenic effects of cancer treatments during childhood - the creation of a database of biological samples as part of a patient cohort (F-CCSS Cohort)**, Nadia Haddy, *Equipe Cancer et radiation, Cesp (Inserm-Université Paris-Sud-Université Versailles Saint Quentin UMR1018)*
- **National prospective cohort (NETSARC) on the link between genetics and sarcoma**, Isabelle Ray-Coquard
- **Longitudinal study on the behavioural, economic and sociological changes that happen after cancer**, Angélique Bonnaud Antignac, *Sphere (Université Nantes-Inserm UMR1246), Institut de cancérologie de l'ouest (Centre René Gauducheau, CHU Nantes)*

Discussions open to the floor

12.45pm - 2pm: Lunch and poster tour

2pm - 3.30pm: Research and health practices

Moderator: Daniel Benamouzig, Co-director of ITMO Santé Publique, CSO (CNRS-Sciences Po UMR7116)

- I. **Intervention research**, Linda Cambon, *Chaire de Recherche en prévention des cancers Inca/IReSP/EHESP, UMR 6051, Arènes, EHESP, Rennes*
- II. **Health services research**, Karine Chevreul, *URC Eco (AP-HP Hôtel Dieu), Eceve (Inserm-Université Paris Descartes UMR1123)*
- III. **Occupational health: From risk to intervention**, Yves Roquelaure, Angers

3.30pm - 4pm: A manifesto for public health research

Daniel Benamouzig, Co-director of ITMO Santé Publique, CSO (CNRS-Sciences Po UMR7116) et François Alla, Deputy director IReSP, CIC-EC 1401, Inserm U1219, CHU Bordeaux & Université Bordeaux

4pm - 5pm: Roundtable: The future of public health research and the issue of funding

Moderator : *Corinne Alberti, Director of IReSP and Institut Santé Publique Inserm, ITMO Santé Publique Aviesan. Université Paris Diderot, Sorbonne Paris Cité, AP-HP, Inserm, U 1123 et CIC-EC 1426*

Speakers:

Anne Burstin, *Director of the CNSA (TBC)*

Benoit Vallet, *Director General of Health*

François Bourdillon, *Director of Santé publique France*

Frédéric Bousquet, *French National Health Insurance Fund for Salaried Workers (CNAMTS) (TBC)*

Discussions open to the floor

5pm - 5.15pm : Poster prizes

5.15pm - 5.45pm : Closing remarks

Alfred Spira, *Director of IReSP (2007-2011), Académie nationale de médecine*

Corinne Alberti, *Director of IReSP and Institut Santé Publique Inserm, ITMO Santé Publique Aviesan. Université Paris Diderot, Sorbonne Paris Cité, AP-HP, Inserm, U 1123 et CIC-EC 1426*
